

Abrahamic Religion Activity Discussion Questions

1. Which religion did you mark the most passages as originating from? Were those passages mainly negative or positive?
2. Were you surprised to learn which religious text these passages were from? If so, why does this surprise you?
3. If the religions are as similar as suggested, where do you believe the conflicts between the world's two most dominate religions originates from? (Culture, environment, norms, individual interpretations, etc.)
4. Although followers from both religions have participated in terrorist activity, why do you believe Islamic violence is more likely to be labeled as terrorism but violence done by Christians is not?
5. As a society, what actions can we take to help bridge the gap between the two religions to reduce and prevent conflicts?
