

End of Course Discussion
Created by Jenn Goetz, Centre College

Purpose: This assignment asks the students to reflect on their preparation, enthusiasm, and participation in course. Students will describe who they learned from, how they learned the material, and what "stuck with them" at the end of the semester.

Take a few moments to reflect and write your answers to the following questions:

- 1) Briefly describe the three most important you learned in this course and/or psychology?**

A.

B.

C.

- 2) Briefly describe three things that you would like to “take with you” into your other courses and life in general? This might be knowledge, an attitude or approach, or a particular behavior.**
